

NEW STUDENTS: HERE'S YOUR ENROLLMENT CHECKLIST

STEP 1. Apply Online

At www.spcc.edu click "Registration Information" and then "Easy Enrollment." There's no cost to apply.

Note: Tuition and fee rates are available at www.spcc.edu. Search "tuition." If you need financial aid apply for federal aid at www.fafsa.gov. Local scholarship applications are available at www.spcc.edu. Search "scholarships." If you have questions, contact finaid@spcc.edu.

STEP 2. Send High School (and Any College) Transcripts.

Send your "official" high school transcript or high school equivalency and any college transcripts to South Piedmont in a sealed envelope from the institution.

STEP 3. Take the Placement Test.

Visit www.spcc.edu for all information related to CPT.

STEP 4. View Online Orientation.

From www.spcc.edu, click "Student Resources" and then "Orientation." It's an 18-minute video. Answering a few questions at the end of the video will let South Piedmont know that you've watched it and are ready to be advised.

STEP 5. Advising.

Visit our Advising Centers on either our Old Charlotte Highway Campus in Monroe or our L.L. Polk Campus in Polkton for advising. Create a customized "Graduation Plan" best suited to help you achieve your academic goals. Once you have met with your advisor you will be ready to register for classes. For more information visit us at www.spcc.edu/advising

www.spcc.edu

Mechanical Engineering Technology

With mechanical engineering credentials, you will be able to work as a technician in mechanical and manufacturing engineering roles. Responsibilities may include assisting in the design, development, testing, and troubleshooting and repair of engineered systems.

Emphasis is placed on the integration of theory and hands-on application of engineering principles. In addition to course work in engineering graphics, engineering fundamentals, materials and manufacturing processes, mathematics, and physics, the curriculum covers computer applications, critical thinking, planning and problem solving, and oral and written communications.

Graduates of the Mechanical Engineering Technology program will find employment opportunities in the manufacturing or service sectors of engineering technology. Engineering technicians may obtain professional certification by application to organizations such as American Society for Quality (ASQ), Society for Mining, Metallurgy, and Exploration (SME) and National Institute for Certification in Engineering (NICET).

Credentials

- Associate in Applied Science in Mechanical Engineering Technology
- Certificate in Mechatronics

Admission Requirements

South Piedmont Community College subscribes to the "open door" policy established by the North Carolina Community College System. The College will admit all applicants who are 18 years old or older and/or have a high school diploma or high school equivalency. Other requirements must be met for certain programs of study. Fill out an Application for Admission (available at www.spcc.edu) and submit official high school transcripts or a high school equivalency certification. Official transcripts of previous college work must also be submitted. All new students must complete the college placement test and then meet with an academic advisor in person to register for classes. Current students may register online through their GO! account. The college hosts 'arena registration days' throughout the year so new and returning students can get one-on-one help; look for dates at www.spcc.edu. For more information, email admissions@spcc.edu.

To qualify for financial aid, you must have a high school diploma or high school equivalency and be enrolled in a curriculum program. Certain other requirements may also apply. Contact the Financial Aid Office for more information at finaid@spcc.edu.
